

STUDENTS 2021

# Maksimovich Dmitriy

## Bachelor's Programme "Management and International Business Studies"

### HSE campus in St. Petersburg

#### **Expectations:**

Get experience of the research process

Learn new information during the researches

#### **Skills:**

Analysis of data using Stata

Excel Pivot Tables & VBA

#### **Plans for the future:**

Career in finance or consulting

Having a small enterprise

## Expectations

*I expect to...*

...learn more about academic activity

...learn more about a career in science

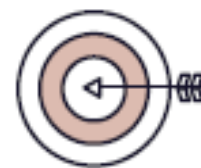

...gain experience in article writing

...gain experience with data

## Skills

- Working with data in Excel, R, Python (search, analysis, transformation)
- Using Graphic Design Services (Crello, Canva, Google Slides)
- Working with articles (search, analysis)

## 3-5 years later

- I have made my career choice
- I am getting my master`s degree
- I am building a career

# Anton Shpenst

HSE-Perm, faculty of economics, 2-nd year student

Skills and achievements:

- Game Theory (3-rd prize of the "Higher League" in 2020 in this field)
- Team projects (SberLab)
- Interested in sports (basketball, soccer)

Expectations:

- Opportunity to work with foreign scientists
- Explore a career in academia
- Provide knowledge for studying in the master's program

In 3 years: after receiving a bachelor's degree, I would like to start in a master's program at the NES or HSE.

# Nikita Demidov

HSE-Perm, economics, 2nd year bachelor degree

## Goals(expectations)

- become co-author a published article
- see how laboratory works (the one of the possible career track for me)
- communicate with different scientists during the process
- successfully complete an internship

## Skills:

- LaTeX
- Team/solo works - no matter
- know French language (with dictionary at least. A2 + several years ago)

In 5 years (my forecast for now): 1) PhD student  
2) An employee with a completed master's degree

Hi! My name is Daria 😊

I am studying at NRU HSE  
– Perm
